VICTORY FOR BOERS

More Than Six Hundred British Are Captured and Killed.

TWO GUNS TAKEN IN

The British Made Strong Resistance, but the Boers Were Too Much for Them—General Delarey Was in the Battle.

London, Mar. 3.—A dispatch from Kitchener gives details of the disaster to the escort of the convoy of empty wagons on Mondonop, southwest of Klerksdorp, Transvaal Colony. British casualties in killed and wounded and men made prisoners reached a total of 632. The Boers captured two guns. Lieutenant-Colonel Anderson, who commanded the British force, and who has returned to Kraaipan, Cape Colony, with nine officers and 245 men, reports that when his advance guard was within 10 miles of Klerksdorp, during the morning of Feb. 25, the Boers opened heavy rifle fire on the troops from the scrub. The burghers were driven off and the convoy resumed march, when a more determined attack was made on the convoy's left flank, the Boers getting within 100 yards and stampeding the mules harnessed to the wagons. The attacking forces were again driven off. About 6:30 in the morning the rear guard was attacked by a strong force of Boers and simultaneously another body of Boers boldly charged the center of the convoy and stampeded the mules in all directions, throwing the escort into confusion, during which the Boers charged and recharged, riding down separated British units. Fighting lasted for two hours, during which two British guns and pom pom almost exhausted their ammunition. Detachment of 200 mounted infantry from Klerksdorp attempted to reinforce the British, but were held in check by the Boers.

Lieutenant-Colonel Anderson stated the strength of the Boers was estimated at 1200 to 1700. Commandants Delarey, Lemmer, Wolmarans and Potgieter were all present. Commandant Lemmer is said to have been killed.

FELL UNDER THE TRAIN.

Trainmaster Thorne Dies as the Result of an Accident at Childress.

Fort Worth, Tex., March 3.—George E. Thorne, train master of the Fort Worth and Denver road, died as a result of an accident at Childress. He attempted to board the north bound train nine o'clock this morning he slipped, both legs being crushed below the knee. The local surgeon attended him in the depot and arrangements made to bring him to Fort Worth on Vice President Keelers car, then almost due on south bound train. The special car was attached to the special engine and the ride to Fort Worth commenced but death came enroute. The deceased was nearly 40 years of age, and was a brother of L. S. Thorne, general manager of the Texas and Pacific road. He was formerly conductor on the Denver but has been trainmaster for two years.

CURLEY NOT DEAD.

He Has Been Heard from and Says He Will Visit Massachusetts.

Springfield, Mass. March 3.—Friends of Martin Curley, who was supposed to have been buried at Worcester, ten years ago, have lately received letters from him, stating that he is prospering in Minnewauken, N. D., and that he will soon return to Springfield on a visit.

Just after Curley left Springfield a man was killed in the Worcester freight yards. His body was badly mangled, but it was decided the man was Curley. As a result a modest stone in a Worcester cemetery marks the supposed resting place of Martin Curley.

Several Bills Passed.

Washington, March 3.—Soon after the senate met bills were passed changing the time and naming the places for holding terms of the United States circuit court and district courts in eastern district Kentucky; changing boundaries between southern and central districts courts of Indian Territory and providing for minimum punishments in certain cases in Indian Territory where Arkansas laws apply.

Texas Independence.

Austin, Tex., March 3.—Texas Independence was appropriately observed here. Elaborate exercises were held in the university auditorium. A salute of 21 guns were fired in honor of the flag. Senator Dibble delivered the address his subject being, "Some Thoughts Suggested by the Texas Declaration of Independence". All state departments were closed.

Future Dealers Can Be Fined. Washington, March 4.—The United

states supreme court has affirmed the decree of the supreme court of Illinois in the case of A. G. Booth vs. the state involving the validity of the state statute imposing a fine of \$10 to \$100 for dealing in futures.

Will Visit Charleston.

Washington, March 3.—The president has informed the committee from Charleston who called upon him that he would visit the exposition in that city.

PRINCE IN THE SOUTH.

Brother of the Kaiser Visits Chattanooga, Nashville and Louisville.

Indianapolis, March 3.—Prince Henry of Prussia went up Lookout mountain at Chattanooga Sunday, and after viewing the ground where the Union and Confederate armies met in conflict and hearing a story of the battles, resumed the journey to the north and west.

Leaving Chattanooga over the Nashville, Chattanooga and St. Louis, his train ran through a corner of Alabama and then turning to the north hurried across Tennessee, with a short stop at Nashville, through Kentucky, with brief stays at Louisville and Bowling Green, and up into Indiana to another halt at Indianapolis. At Indianapolis the course was changed to the westward, St. Louis being the objective point.

His reception at the south was hospitable and demonstrative. The negroes manifested great curiosity as to the prince. They interested and amused him. He got an opportunity to hear them sing at Nashville, and was pleased. It was the glee club of Fiske university that sang, and at the close he asked the young woman who led them to come into his car. He congratulated her.

There was a great crowd at Chattanooga, and the citizens presented the prince with a handsome souvenir. Nashville also made a demonstration of friendliness, as did Louisville and Indianapolis. At every station the people gathered to salute him with cheers. Prince Henry was delighted with his southern tour.

DAMAGE AT PASSAIC.

Fifty Blocks Under Water and River Cutting Channel Through City.

Passaic, N. J., March 3.—The flood in the Wallington section of the city is slowly rising, and the whole low lying quarter of the city is submerged. The city is in darkness owing to the flooding of the plant of the electric light company. The Lyndhurst bridge is gone.

Fifty blocks are under water varying from a few inches to seven feet. Two-thirds of all the mills are under water.

There have been several houses swept away in Wallington, all in a straight line, or nearly so, and it is thought the river is eating a new channel through the heart of the section. Three lumber yards have not a foot of timber left.

Flood at Paterson.

Paterson, N. J., March 3.—This city, so recently swept by fire, is now overwhelmed by flood. Three weeks ago the greater of its business section was burned out, and now the quarter occupied by the houses of the poorer class is inundated. Hundreds of families have been made homeless by the overflow of the Passaic river, and the country for miles around is under water.

Depots Washed Away.

Asheville, March 3.—Telegraph and telephone communication has been restored for the first time since Thursday with the towns along the Southern railway, which were cut off by the recent heavy rains. Several depots on the French Broad river were carried away, and the track was washed out.

Nine Lives Lost.

Wilkesbarre, Pa., March 3.—At Westmore, Firwood and Riverside, nearly all residents have vacated their houses. The water has reached the first stories and is gradually going up to the second. Those who lingered too long had to be removed in boats. Nine lives lost as far as known.

West Virginia Towns Suffer.

Wheeling, W. Va., March 3.—Wheeling is in the grasp of the worst flood in years. Wheeling, Bellaire, Benwood, Martins Ferry and Bridgeport, scores of factories have been entered by the waters, fire extinguished and 20,000 men thrown into idleness that will continue for a few days.

Wheeling Island is two-thirds covered by water and fully 700 families are occupying the upper floors of their homes. South Wheeling and Benwood were hit fully as hard as Wheeling.

Famous Old Bridge Wrecked.

Harrisburg, March 3.—The second and third pieces of the famous old Camelback bridge at this place have been washed away by high water. The bridge was built in 1851, and was probably the oldest bridge across the Susquehanna river. Several large plants in South Harrisburg have been forced to close.

South Harrisburg is under water and many of the families in that lo-

Fancy prices make the things they eat better. This is a very erroneous and expensive notion. Mr. J. A. D. Robinson, a well
known farmer, and president of the
Brazos County Truck Growers' asso-
ciation, was in the city Saturday and
stated in the presence of the Eagle
man that he takes issue with those
who claim that partridges eat boll
weevils or insects. He says they eat
only seeds, grain and grass. Mr.
Robinson says his statements are
based upon observations extending
over a period of 30 years, during
which time he has shot, netted and
cleaned at least 10,000 partridges,
and has never seen a bug, a worm or
an insect of any kind in the craw of
any of them. Mr. Robinson claims
that the clean white meat of these
birds shows that they live entirely
on purely vegetable food.

While in St. Louis, I selected an
exceptionally nice line of suit and
skirt goods. These goods are now on
sale at Coulter's.

Col. N. H. Tracy of Rockdale is
here in the interest of his candidacy
for congress, mingling with the
crowds in attendance on the district
court. Col. Tracy called on the
Eagle and talked about the progress
campaign, and seems to be well
pleased. He will spend a few days
in the county on this trip and return
on the 15th, when he will address the
people at Wellborn. The Milam
county primaries will be held next
Saturday. Col. Tracy has visited
nearly all parts of the county and
will about complete the round on
this trip.

The auction book sale will run till
they are all sold. Come before the
best goods are gone; they are going
fast.

Mr. and Mrs. T. P. Boyett have
returned from Houston accompanied
by their daughter, Mrs. A. P. Wil-
son. The remains of Mr. Wilson,
who was killed by a train at Hemp-
stead Saturday, were laid to rest at
Houston Sunday afternoon in the
presence of a very large gathering
of sympathizing friends, many of
whom came from points along the
line of the H. & T. C., the young man
having been well known and popu-
lar.

Ladies, call at Coulter's this after-
noon and pick out a pretty skirt pat-
tern before they are gone.

Mr. F. W. Yeager was in town
yesterday and reports the Millican
truck growers as pushing things
along. He says the Millican grow-
ers were greatly encouraged by the
report that Bryan would build a
cannery, and was greatly disappointed
to learn that the matter is not
being pushed. He says that the
Millican growers would take some
stock if necessary, and that they
would furnish considerable stuff to
can, if a cannery is started.

To the Business Men of Bryan.

I wish to say that I think the business men of Bryan are missing one of the best opportunities in the history of the town in not getting up a cannery factory. The members of the truck growers' association have subscribed \$665.00 to the capital stock of a cannery, to be paid for in truck. They were informed that the Business league of Bryan had discussed the matter and offered encouragement to the farmers to believe that if they subscribed liberally in the way they have done, a strong effort would be made to get up the rest of the stock in Bryan necessary to start a cannery. The farmers have come up nobly, and it now seems to me that a strong effort should be made, at least, to raise the remainder of the stock in Bryan.

In behalf of the truck growers' association, I ask that the matter be given some earnest consideration. Let us have a cannery, if possible. Very respectfully,

J. A. D. ROBINSON,
President Brazos County Truck Growers' Association.

Don't be humbugged. I sell borders same price per roll as wall paper and don't keep the merchants' profit either, which is the lion's share. Paper per room at 75c and up. Ask for W. A. Dodson's samples. 77

To the Business Men of Bryan.

I wish to say that I think the business men of Bryan are missing one of the best opportunities in the history of the town in not getting up a cannery factory. The members of the truck growers' association have subscribed \$665.00 to the capital stock of a cannery, to be paid for in truck. They were informed that the Business league of Bryan had discussed the matter and offered encouragement to the farmers to believe that if they subscribed liberally in the way they have done, a strong effort would be made to get up the rest of the stock in Bryan necessary to start a cannery. The farmers have come up nobly, and it now seems to me that a strong effort should be made, at least, to raise the remainder of the stock in Bryan.

In behalf of the truck growers' association, I ask that the matter be given some earnest consideration. Let us have a cannery, if possible. Very respectfully,

J. A. D. ROBINSON,
President Brazos County Truck Growers' Association.

BRAIN-FOOD NONSENSE.
Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. C. G. CONGRESS THIS WEEK

Both Branches Will Battle With the Appropriation Bills.

RURAL MAIL ROUTES
Efforts Will Be Made to Place This Service on the Contract System.
The Ship Subsidy Measure up for Final Disposal.

Washington, March 3.—The house will give most of its time during the present week to postal affairs, beginning with the bill placing the rural free delivery system on the contract basis and following later with post-office appropriation bills. There promises to be an active debate on the former measure.
It is expected that the discussion of the bill which is to be disposed of, will take about two days. The post-office appropriation bill contains items relating to subsidy for fast mail, which are usually fruitful of much discussion.
It is expected that the appropriation bill will occupy all the latter part of the week, although next Friday is set aside for war claims. The Republicans hold a second caucus this week to consider further the course to be pursued on Cuban reciprocity.
The senate will take up the ship subsidy bill and it will hold its place as unfinished business until disposed of. The legislative bill will be reported during the week and will take precedence of the ship bill in its own right if Senator Cullom, who will have it in charge, decides to ask the senate to take it up, and he probably will.
The subsidy bill will not be debated for as great a length of time as supposed. Senator Frye, chairman of the committee on commerce, will explain the measure thoroughly. Senator Clay will address the senate on the general view and will be followed by Turner, Vest, Mallory and other Democratic senators.
Senator Turner has abandoned his announced intention of reviving Mr. Frye's ruling in the Tillman-McLaurin contempt proceeding and the present indication is that that incident will not receive any further attention.

THE FLOOD RECEDING

Worst Is Believed to Be Over at Various Points.

MILLIONS OF DAMAGE
Paterson Suffers as Much or More Than During the Great Fire—Passengers Rescued from a Submerged Passenger Train.

New York, Mar. 3.—The great flood that inundated a large part of the mill section of Paterson, N. J., has subsided somewhat, and it is believed the worst is over. The damage is very great. It is estimated that the loss wrought by the flood is as large as that by fire, while it is said there is little or no insurance to cover it. Many more families have been rendered homeless by the flood than were made so by fire, and the relief committee, whose labors were becoming lighter daily, is now hard at work, seeking to assist those who have lost everything by high water. Unless there be another heavy downpour of rain, it is thought no further damage will be done. Along water-front on both sides of the river, almost everything was wrecked, foundations and roadbeds having been eaten away, and everything in sight more or less damaged.

PASSENGERS RESCUED.

Taken Off a Train That Was Surrounded by Ice and Water.
Albany, Mar. 3.—For the first time in the history of the New York Central, the passengers on the famous Empire State Express have been taken from the palatial cars in row boats at dead of night to save them from drowning in their berths. They were all rescued, but the trains stands half submerged on the tracks where the torrents forced the crew to leave it.
One of the last trains to leave Albany over the Hudson River division for New York was the regular 5 o'clock train which left Albany Saturday at 6 o'clock. That train got through. The Empire State Express, from the west, followed soon afterward, but was stalled by the ice and flood at Castle-ton. The rescue was carried out successfully. At that point half a dozen trains are now stalled.

Three Lives Lost at Augusta.

Augusta, Mar. 3.—Three lives were lost here in the flood which swept down the Savannah river Saturday and Sunday. Burt L. Lloyd, a white man, fell from a freight car on a railway bridge and was swept away. An unknown negro was carried off a trestle, and the receding waters disclosed the body of a negro boy near the foot of Mill street. Water has declined three feet from highest mark. The principal retail business district of the city was overflowed. Water still covers Greene, Jones and Reynolds streets. Many mills have been closed since Friday, and the river is still too high for them to resume operations.

Three Towns Partly Submerged.

Parkersburg, W. Va., Mar. 3.—South Parkersburg, Newport and Riverside are partially submerged. Probably 100 families were driven from homes.

Flood in Tennessee Receding.

Chattanooga, Mar. 3.—Flood in Tennessee river has nearly spent its force. The Tennessee and tributaries above this point are falling steadily.

Denounce the President.

Houston, March 3.—Dick Dowling camp met in regular session Sunday afternoon and adopted the following: "Resolved, That, whereas Mr. Theodore Roosevelt, president of the United States, did in a recent address before the G. A. R. declare that those engaged in the rebellion against the United States from 1861 to 1865 were anarchists; therefore be it
"Resolved That Dick Dowling camp hereby denounce the charge as false, infamous and unjust to the great principles that actuated the rebellion; furthermore, we as camp deplore that he has such a strenuous mouth."

Mrs. Davis at New Orleans.

New Orleans, March 3.—Mrs. Jefferson Davis is once more the guest of New Orleans, and is being entertained by the people who love her. She will remain at the St. Charles hotel until her health impels her to go north. Receptions are being planned in her honor.

Fell Under an Engine.

Purcell, I. T., March 3.—Allie Amos, a young man living near Norman, O. T., was seriously and probably fatally injured in the Santa Fe yards here. He was riding on the tender of the engine and fell beneath while it was in motion.

Deputy Sheriff Shot.

Baltimore, Mar. 3.—Six prisoners broke jail at Easton, Md. Late Saturday night and in attempting to recapture them Deputy Sheriff Thomas J. Thompson was instantly killed.

Head Sawed Open.

Seguin, Tex., March 3.—Otto Thwell was killed near here by his woodsaw, which he was operating by machinery. His head and face were sawed open, death resulting instantly.

Strawberries Bring High Prices.

Alvin, Tex., March 3.—Twenty-six crates of strawberries were shipped out Saturday night. All brought in found a ready sale at from \$5 to \$6.50.

WRECKED BY EXPLOSION.

A Five-Story Building Demolished and Several Persons Hurt.
New York, March 3.—Explosion here wrecked a five story building on Canal street occupied by the Aste Press Printing company. The building was filled with employees, some of whom were hurt by jumping. Half of the Canal street front of the structure was blown into the street and the interior was almost instantly a roaring mass of flames.
The printing house backed up against a row of seven-story houses occupied by Italians. The rear wall of the burning building was blown against the tenements creating a panic among the occupants. Many jumped from windows. Copsalea Duranto jumped from a window and alighted on the stone flagging of the court yard. She was taken to the hospital where she died.
Reports are in circulation that a number of persons known to have been in the building could not be accounted for, but the firemen said they thought all had escaped injury except those who jumped.

RAILROAD TELEPHONE.

Successful Test Is Made Over Telegraph Wires for Four Hundred Miles.
Chicago, March 3.—A train crew 400 miles from Chicago in a test talked over the telegraph wires to Chief Operator Parsons of the Illinois Central railroad at the Twelfth street depot. As a result, the railroad telephone was declared to be a success.

The train was stopped near Fulton, Ky., and the telephone was connected with the regular telegraph wire running to Chicago. In spite of the fact that the message had to travel over iron wires which ran parallel to more than a score of other wires every word was distinctly heard by Mr. Parsons.

The inventor asserts it makes no difference whether or not telegraphic messages are being flashed over the wires simultaneously with the telephone messages. This was tested by the successful transmission of a telegram from Fulton at the same time Parsons was conversing with the crew.

CHARLES ROUSS DEAD.

He Was a Confederate Soldier and Contributed to Battle Abbey.
New York, March 3.—Charles Broadway Rouss died here of heart disease and dropsy. Mr. Rouss was born at Woodsboro, in 1836. He first engaged in business in Winchester, Va. Served in the Confederate army and came to New York in 1865. He had been in business here continuously from that time. He erected at his own expense a monument to dead Confederate soldiers in Mount Hope cemetery this city; founded the hospital laboratory at the University of Virginia, and gave \$100,000 for the Confederate Battle Abbey to be located at Richmond, Va. Some years ago he became blind. He offered \$1,000,000 to any one who could restore his sight but the reward was never successfully claimed.

Prince Henry in St. Louis.

St. Louis, March 3.—Prince Henry spent four hours in St. Louis today, during which time he was royally entertained. A short reception, at Union station, presentation of address of welcome in silver casket by Mayor Wells, and similar address by a committee from German army and navy veterans, and short reception, preceded a drive through the business section of the city to the west end, where, at the St. Louis club, the prince and suite, with the reception committee were breakfasted. At 11 o'clock the train left for Chicago.

Neil Bryant Dying.

New York, March 3.—Propped in a chair in St. Mary's hospital in Brooklyn, Neil Bryant, the last of the old time minstrels, awaits death. Within the last few days he has weakened a great deal and his end is expected at any time. News of the death of four colleagues of years gone by, has had a saddening effect on Bryant, who is 71 years old.

Old Mississippi Captain Dead.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

CONGRESS THIS WEEK

Both Branches Will Battle With the Appropriation Bills.

RURAL MAIL ROUTES

Efforts Will Be Made to Place This Service on the Contract System. The Ship Subsidy Measure up for Final Disposal.

Washington, March 3.—The house will give most of its time during the present week to postal affairs, beginning with the bill placing the rural free delivery system on the contract basis and following later with post-office appropriation bills. There promises to be an active debate on the former measure.

It is expected that the discussion of the bill which is to be disposed of, will take about two days. The post-office appropriation bill contains items relating to subsidy for fast mail, which are usually fruitful of much discussion.

It is expected that the appropriation bill will occupy all the latter part of the week, although next Friday is set aside for war claims. The Republicans hold a second caucus this week to consider further the course to be pursued on Cuban reciprocity.

The senate will take up the ship subsidy bill and it will hold its place as unfinished business until disposed of.

The legislative bill will be reported during the week and will take precedence of the ship bill in its own right if Senator Cullom, who will have it in charge, decides to ask the senate to take it up, and he probably will.

The subsidy bill will not be debated for as great a length of time as supposed. Senator Frye, chairman of the committee on commerce, will explain the measure thoroughly. Senator Clay will address the senate on the general view and will be followed by Turner, Vest, Mallory and other Democratic senators.

Senator Turner has abandoned his announced intention of reviving Mr. Frye's ruling in the Tillman-McLaurin contempt proceeding and the present indication is that that incident will not receive any further attention.

THE FLOOD RECEDING

Worst Is Believed to Be Over at Various Points.

MILLIONS OF DAMAGE

Paterson Suffers as Much or More Than During the Great Fire—Passengers Rescued from a Submerged Passenger Train.

New York, Mar. 3.—The great flood that inundated a large part of the mill section of Paterson, N. J., has subsided somewhat, and it is believed the worst is over. The damage is very great. It is estimated that the loss wrought by the flood is as large as that by fire, while it is said there is little or no insurance to cover it. Many more families have been rendered homeless by the flood than were made so by fire, and the relief committee, whose labors were becoming lighter daily, is now hard at work, seeking to assist those who have lost everything by high water. Unless there be another heavy downpour of rain, it is thought no further damage will be done. Along water-front on both sides of the river, almost everything was wrecked, foundations and roadbeds having been eaten away, and everything in sight more or less damaged.

PASSENGERS RESCUED.

Taken Off a Train That Was Surrounded by Ice and Water.

Albany, Mar. 3.—For the first time in the history of the New York Central, the passengers on the famous Empire State Express have been taken from the palatial cars in row boats at dead of night to save them from drowning in their berths. They were all rescued, but the trains stands half submerged on the tracks where the torrents forced the crew to leave it.

One of the last trains to leave Albany over the Hudson River division for New York was the regular 5 o'clock train which left Albany Saturday at 6 o'clock. That train got through. The Empire State Express, from the west, followed soon afterward, but was stalled by the ice and flood at Castleton. The rescue was carried out successfully. At that point half a dozen trains are now stalled.

Three Lives Lost at Augusta.

Augusta, Ga., March 3.—Three lives were lost here in the flood which swept down the Savannah river Saturday and Sunday. Burt L. Lloyd, a white man, fell from a freight car on a railway bridge and was swept away. An unknown negro was carried off a trestle, and the receding waters disclosed the body of a negro boy near the foot of Mill street. Water has declined three feet from highest mark. The principal retail business district of the city was overflowed. Water still covers Greene, Jones and Reynolds streets. Many mills have been closed since Friday, and the river is still too high for them to resume operations.

Three Towns Partly Submerged.

Parkersburg, W. Va., Mar. 3.—South Parkersburg, Newport and Riverside are partially submerged. Probably 100 families were driven from homes.

Flood in Tennessee Receding.

Chattanooga, Mar. 3.—Flood in Tennessee river has nearly spent its force. The Tennessee and tributaries above this point are falling steadily.

Denounce the President.

Houston, March 3.—Dick Dowling camp met in regular session Sunday afternoon and adopted the following: "Resolved, That, whereas Mr. Theodore Roosevelt, president of the United States, did in a recent address before the G. A. R. declare that those engaged in the rebellion against the United States from 1861 to 1865 were anarchists; therefore be it

"Resolved That Dick Dowling camp hereby denounce the charge as false, infamous and unjust to the great principles that actuated the rebellion; furthermore, we as camp deplore that he has such a strenuous mouth."

Mrs. Davis at New Orleans.

New Orleans, March 3.—Mrs. Jefferson Davis is once more the guest of New Orleans, and is being entertained by the people who love her. She will remain at the St. Charles hotel until her health impels her to go north. Receptions are being planned in her honor.

Fell Under an Engine.

Purcell, I. T., March 3.—Allie Amos, a young man living near Norman, O. T., was seriously and probably fatally injured in the Santa Fe yards here. He was riding on the tender of the engine and fell beneath while it was in motion.

Deputy Sheriff Shot.

Baltimore, March 3.—Six prisoners broke jail at Easton, Md. Late Saturday night and in attempting to re-arrest them Deputy Sheriff Thomas J. Thompson was instantly killed.

Head Sawed Open.

Seguin, Tex., March 3.—Otto Thwell was killed near here by his woodsaw, which he was operating by machinery. His head and face were sawed open, death resulting instantly.

Strawberries Bring High Prices.

Alvin, Tex., March 3.—Twenty-six crates of strawberries were shipped out Saturday night. All brought in found a ready sale at from \$5 to \$6.50.

WRECKED BY EXPLOSION.

A Five-Story Building Demolished and Several Persons Hurt.

New York, March 3.—Explosion here wrecked a five-story building on Canal street occupied by the Aste Press Printing company. The building was filled with employees, some of whom were hurt by jumping. Half of the Canal street front of the structure was blown into the street and the interior was almost instantly a roaring mass of flames.

The printing house backed up against a row of seven-story houses occupied by Italians. The rear wall of the burning building was blown against the tenements creating a panic among the occupants. Many jumped from windows. Copsulea Duranto jumped from a window and alighted on the stone flagging of the court yard. She was taken to the hospital where she died.

Reports are in circulation that a number of persons known to have been in the building could not be accounted for, but the firemen said they thought all had escaped injury except those who jumped.

RAILROAD TELEPHONE.

Successful Test Is Made Over Telegraph Wires for Four Hundred Miles.

Chicago, March 3.—A train crew 400 miles from Chicago in a test talked over the telegraph wires to Chief Operator Parsons of the Illinois Central railroad at the Twelfth street depot. As a result, the railroad telephone was declared to be a success.

The train was stopped near Fulton, Ky., and the telephone was connected with the regular telegraph wire running to Chicago. In spite of the fact that the message had to travel over iron wires which ran parallel to more than a score of other wires every word was distinctly heard by Mr. Parsons.

The inventor asserts it makes no difference whether or not telegraphic messages are being flashed over the wires simultaneously with the telephone messages. This was tested by the successful transmission of a telegram from Fulton at the same time Parsons was conversing with the crew.

CHARLES ROUSS DEAD.

He Was a Confederate Soldier and Contributed to Battle Abbey.

New York, March 3.—Charles Broadway Rouss died here of heart disease and dropsy. Mr. Rouss was born at Woodsboro, in 1836. He first engaged in business in Winchester, Va. Served in the Confederate army and came to New York in 1865. He had been in business here continuously from that time. He erected at his own expense a monument to dead Confederate soldiers in Mount Hope cemetery this city; founded the hospital laboratory at the University of Virginia, and gave \$100,000 for the Confederate Battle Abbey to be located at Richmond, Va. Some years ago he became blind. He offered \$1,000,000 to any one who could restore his sight but the reward was never successfully claimed.

Prince Henry in St. Louis.

St. Louis, March 3.—Prince Henry spent four hours in St. Louis to-day, during which time he was royally entertained. A short reception, at Union station, presentation of address of welcome in silver casket by Mayor Wells, and similar address by a committee from German army and navy veterans, and short reception, preceded a drive through the business section of the city to the west end, where, at the St. Louis club, the prince and suite, with the reception committee were breakfasted. At 11 o'clock the train left for Chicago.

Neil Bryant Dying.

New York, March 3.—Propped in a chair in St. Mary's hospital in Brooklyn, Neil Bryant, the last of the old time minstrels, awaits death. Within the last few days he has weakened a great deal and his end is expected at any time. News of the death of four colleagues of years gone by, has had a saddening effect of Bryant, who is 71 years old.

Old Mississippi Captain Dead.

St. Louis, March 3.—Captain Enoch P. King, one of the oldest river men in St. Louis, died at his home Sunday from old age. For 40 years he was a familiar figure on deck and in the pilot house of Mississippi river steamboats. At the time of the famous race between the Robert E.
